Skills and Abilities

Programming languages

- C++
- Java
- MATLAB
- C#
- Assembly

Operating systems

- Windows
- Linux

Languages

Hebrew – Native Language
English – Fluent with near-native proficiency.

Additional Knowledge

Game development software:

- Unity 2D/3D

GUI building:

- MATLAB
- C#

3D animation software:

- Maya- Basic work
- Blender- Basic work

Working with embedded systems: ADS1292R-ECG-FE by TI Power-Lab 4/30 with Dual Bio-Amp by ADInstruments and its software, LabChart.

Additional Experience

Has experience with private tutoring.

Education And Projects

May 2026- Present | Unity Intermediate +AI course

- Intermediate Unity game dev with Emphasis on game architecture, design patterns and integration of AI tools in development workflow

June-August 2024 | Unity 2D project | “Beacon Run"

- A small singleplayer timed competitive collection game available on: https://korivagames.itch.io/

May 2023 – October 2023 | Unity Game Development Course | HandsOnGames (IAC)

- The course encompassed 3D and 2D development using Unity’s development environment.

Graduation Project:

“Heart of the Galaxy” - A 3D arcade space exploration and shooter game available on: https://korivagames.itch.io/

2016-2023 | Attended Personal Matters

Attended as a caretaker for a family member in a complex medical state.

2011– 2016 | B.Sc – Computer Engineering | Bar-Ilan University

Notable Courses:

- Introduction to Machine Learning,
- Introduction to Deep Learning,
- Digital Processing of Geometry,
- Distributed Computing Algorithms.

Graduation Project:

A single-student project, on the subject of:

"Development of a 2-Channel, EOG Based Eye Movement Monitoring system."

Development of an eye-movement tracking system based on EMG hardware components By ADInstruments using MATLAB, and tailoring it for use as a simple communications system for a volunteer disabled ALS patient.

Project's Grade: 100. The project received an excellence award.

Military Service

2005 – 2007 | Full Military Service at 8200

The position required creative thinking, the ability to work as a team as well as independently.
